Camperships are available for all Cedars programs. In order to distribute the donated funds more widely, the maximum grant awarded is usually half the tuition of the program. However, you may request more if it is truly needed. Camperships of \$20-\$345/week as needed, are awarded according to your need and the fullness of the program you request. No repayment is expected, but your future donations bless all greatly. **Letters of gratitude to donors from campers and parents are appreciated and expected. Please write to "Dear Donor" or the designated name we give to you** and send it to us **after your camper returns from camp**. It is helpful to include any spiritual growth noted as well as whatever the camper enjoyed about his/her time at Cedars. These letters are forwarded to the donor (with or without your name) and help guarantee future funding.
