

# NOAH'S ARK

see Genesis 6-9

Hi Noah; God calling:  
It is to build a mighty ark,  
The world's first mobile zoo.  
There's something you must do.

Now Noah, do trust me,  
You've got to build this boat,  
I'll tell you everything you need:  
Let's get this ark afloat!

I hear you Lord, my God,  
I'll do just what you say.  
I know that when You ask something,  
It makes sense to obey!

The sun is bright in clear blue sky,  
There are no clouds in view.  
I'm going to feel a little daft  
As I construct this zoo!

So when I'm building this strange thing  
I'm asked what I'm a-doing,  
Is it all right if I respond  
"There is a big storm brewing"?!

It really is a test of faith  
To do what seems so odd,  
But I will do what Thou hast asked  
Because I trust my God.

**The ark gets built in record time;  
It really looks a treat.  
There's plenty space for everything,  
I've even got a seat!**

**The sun still shines as two by two  
The animals all climb in.  
And thoughts that aren't in step with You  
Will perish by their sin.**

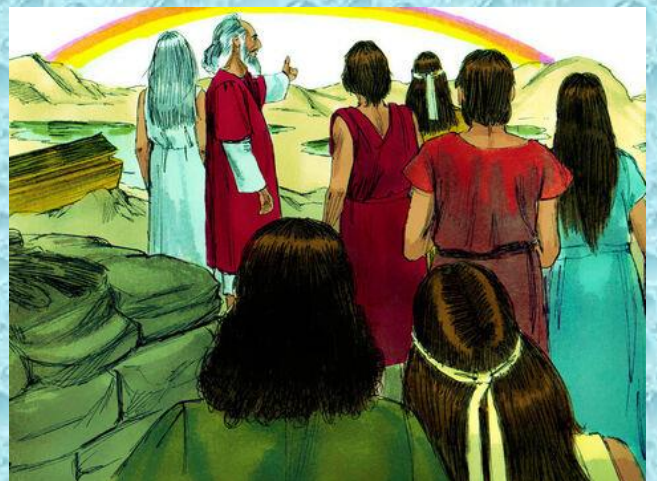

**The rain it came, it didn't stop  
Until the land was covered;**

**But we were safe above it all,  
And finally we anchored.**

**Now those that mocked will surely know  
A message pure and stark:  
If you don't live as God intends  
You won't get in the ark!**

**No matter what the evidence  
Of things that seem to be,  
Your trust in God is always met  
Because He loveth thee.**
